**Item 5.1: Full Description of Material Change**

On September 15, 2022, IMV announced a strategic reorganization together with the appointment of Dr. Saman Maleki to the Corporation’s Board of Directors and promotion of Brittany Davison to Chief Accounting Officer.

*The Corporation reinforces focus on its ground-breaking DPX platform and the clinical advancement of its lead DPX asset, Mavropepimut-S (MVP-S)*

IMV is implementing a plan to reduce its workforce by approximately one third, focusing its resources on ongoing MVP-S clinical programs in immuno-oncology (IO), most notably the Phase 2B trials VITALIZE (in relapsed/ refractory DLBCL) and AVALON (in advanced, metastatic ovarian cancer). Moreover, IMV continues to invest in its DPX platform and to leverage this novel technology to drive key strategic partnerships.

This restructuring initiative enables IMV to focus its resources on key near-term value drivers while reducing cash burn and future cash needs.
